Kabupaten Karawang, now also experiencing its own problems with poverty alleviation. Bupati's policy in welcoming the new civilization in which Karawang regency grows and develops facing dynamic social reality and interrelated, through concrete policy of development implementation which focus, directed and effective through the policy direction of development of Karawang regency with strategic issue one of them is poverty eradication. In this dissertation the problem is discussed : Policies in poverty alleviation in Kabupaten Karawang which has not been implemented as mandated by Law Number 23 Year 2014 on Regional Government, and Model of poverty alleviation in Kabupaten Karawang after the enactment of Law Number 23 Year 2014 This research uses normative juridical approach.

A descriptive analysis, using secondary data, obtained through literature study of legal sources, both primary, secondary and tertiary. The data that have been obtained are then analyzed by using qualitative analysis method without using certain numbers or formulas.

Factors causing poverty alleviation policy in Karawang regency that has not been implemented as mandated by Law Number 23 Year 2014 on Local Government, caused, poverty alleviation is only charged to government responsibility besides obstacle of local regulation, because substance is not synchronized. The model of poverty alleviation in Karawang regency after the enactment of Law Number 23 of 2014 should be based on the conception of upholding the values of honesty, trust, sincerity, justice, equality, and dignity, opening up the wider community participation space from the start of formulation, Determination, and implementation, monitoring and evaluation of poverty reduction programs.

Taking into account the failure in poverty alleviation that has not been implemented as mandated by Law No. 23 of 2014, it is necessary to change the paradigm of society, that the essence of poverty alleviation is not only the responsibility of the government, but also the responsibility of all levels of society. Model of poverty alleviation that is applied in the form of pillar of alleviation in Kabupaten Karawang after enactment of Law no. 23 Year 2014, innovation and improvement of all improvements should be in place, so that the change of factors and obstacles of poverty alleviation can be covered in the agenda of poverty eradication Karawang regency, and able to recognize and create new model with Pancasila philosophy approach.
