

ABSTRAC

The problem in this dissertation research is (a) Why is the implementation of the Joint Building Society Movement based on local wisdom and culture of law can be realized in Central Lampung regency, (b) How is the implementation of the implementation of development in the field of infrastruktur based on local wisdom and culture of law in Central Lampung regency.

Background, Regional Development as an integral part of national development can not be separated from the principles of autonomy are realized by providing a broad powers, real and responsible in proportion to the District/City. Central Lampung regency and the potential of utilizing local wisdom and culture of a law called Piil Pesenggiri, Sakai Sambayan Nemui Nyitnah, Nengah Nyappur, Bejuluk Badaek. Legal culture in question, accompanied Policy Assistance Programme through the provision of funds to the Community Stimulants Village/Village for the construction of facilities and infrastructure needed by communities. In addition , the community is expected to village/urban beneficiaries are free to determine the activities to be carried out, the public was given the opportunity to participate through non-governmental preparation. However, not all development in the District, both physical and non-physical running by legislation.

The method used by the author is normative and empirical jurisdiction. Normative juridical approach refers to the Regional Regulation No. 20 Year 2004 on Movement Building Collaborative, While the judicial approach is empirical, referring to the legal norms that live and thrive in the community through local wisdom and culture of central Lampung public law called Piil Pesenggiri , Sakai Sambayan Nemui Nyitnah, Nengah Nyappur, Bejuluk Badaek , the data used in this study is primary data, secondary data, and tertiary, data collection techniques using literature study and interviews, which are then analyzed qualitatively by decomposition descriptive and analytical.

Outcomes Research, it was found that (a) Implementation of Collaborative Building Movement is based on local wisdom and culture of law can be realized as a result build Joint Movement Society (GMBM) was inspired by the local wisdom and culture of law (Piil Pesenggiri, Sakai Sambayan Netnui Nyimah, Nengah Nyappur, Bejuluk Badaek) provide significant direct benefits for community empowerment and development village in infrastructure as the main supporting infrastructure for the growth and development of the local economy that needs to be developed in order to optimize the potential of non-governmental and equity acceleration development in Central Lampung district, (b) The implementation of development in the field of infrastruktur based on local wisdom and culture of law in Central Lampung regency can be used as a model in accelerating development villages and regions is relatively backward contruction, successful implementation will be largely determined by the quality of the program/activity plans, support and mentoring consultants and stakeholder regulatory programs provided by local government .
